PRESENTACIÓN

La Carpeta de Información del Sistema Financiero brinda información histórica de las principales cuentas del Balance y de los indicadores financieros relevantes a nivel agregado. Estas variables son presentadas tanto para el Sistema Financiero en su conjunto como para los subsistemas que lo conforman (Banca Múltiple, Empresas Financieras, Cajas Municipales, Cajas Rurales, EDPYME, Empresas de Arrendamiento Financiero y entidades estatales). La carpeta consta de un conjunto de gráficos y de cuadros con información del saldo de créditos y depósitos, así como su desagregación por tipo de operación y moneda. También se presenta la evolución de los ratios de morosidad y cobertura de créditos, así como la dolarización de créditos y depósitos.
